

## I'll Remember by Tom Farley

G C  
Mom remembered the smallest things...All the verses to songs she'd sing  
D G  
'Till the time came when everything faded away  
G C  
Now I think as her favored son....Is this a battle that can be won?  
D G  
Will I recall doing it after it's done?

### Chorus

C D G  
Will I remember the way we dance? Will I remember our first romance?  
C D G  
Will I remember the dresses you wear? And the color of your hair?  
C D G  
Will I remember the life we made? Will I remember the price we paid?  
C D G  
Will I remember that look in your eye? Will I remember my reply?

Awkward moments I've never had  
Names and faces that drive me mad  
Just a bit more scary than before  
I'll keep trying to get it right  
Try to get me some sleep at night  
And hold on 'till I can't hold on anymore

But I'll remember the way we dance  
I'll remember our first romance  
I'll remember the dresses you wear  
And the color of your hair  
I'll remember the life we made  
All the beauty....the price we paid  
I'll remember that look in your eye  
I'll remember my reply

I'll remember that look in your eye.....And I'll remember.....(G trill to end)
