

Toledo Bay

by Tom Farley

[Verse 1]

I heard that you're leaving

And this time you mean it

Is it all over?

I thought that you loved her

[Chorus]

The wind and the sand and the summer at Toledo Bay

I don't believe I could think of a better way

[Verse 2]

Walk through the tide and the waves on the shore

Oh what a beautiful sound

Lovers and strangers don't need any more

Than the peace in the land they have found

[Chorus]

The wind and the sand and the summer at Toledo Bay

I don't believe I could think of a better way

[Verse 3]

I heard that you're leaving

And this time you mean it

You're looking for something

I hope that you find it

[Chorus]

[Instrumental]
