# By the Fence in the Sun
## by Tom Farley

G                                         Em
Me and Daddy went and put us up a fence
C                                         G
A hundred yards along the road
                                         Em
Thinking we could maybe get a few things done
        C                           G
With someone there to share the load

## Chorus 1

C                     G    C                           G
Dig a hole and cut a log - Put them in there one by one
C                         G    C                         D
Didn't take no time at all - Workin' hard and havin' fun
                  G      C         G         C – G – C – D - G
By the fence in the sun….with my daddy….

Out in Floyd they put the rock down on the road
To help you make it through the snow
A few days gone I think we're gonna need some more
Where in the world did it all go

Down at Jacksonville they all lay out in rows
Still together – side by side
How they got here no one ever really knows
They did their best to love the ride

## Chorus 2

Raise your head and say a prayer
Send it to them one by one
Always think of them as there
Working hard and having fun
By the fence in the sun….

**G-C-G-C-G-C-D-G (X2) > Chorus 1 > G-C-G-C-G-C-D-G (X2)**

**Dig a hole and cut a log**
**Send it to them one by one**
**It didn't take no time at all**
**Working hard and having fun**
**By the fence in the sun…with my daddy…**
