

You Make Me Feel Like I'm Almost Flying

by Tom Farley

[Introduction]

Seems like I'm feeling
Like I'm almost flying...

[Verse 1]

Have you ever heard the phrase
Brother I've seen better days...it's true
Makes your life feel sad and lonely

For the man who sings and plays
Brother he's got better ways to chase the blues
Make his music his one and only

Grab a hold of a three-part harmony
You'll find that it's the only way to be

[Chorus]

Cause you make me feel like I'm almost flying
You make me feel like I'm almost flying
You make me feel like I'm almost flying

Instrumental

[Verse 2]

Got a woman blonde and hazy
Oh her love it drives me crazy
It's like heaven when she holds me

Calico and a Taurus rise
Innocence and age disguised in blue
And she loves me so completely

When I know that no one else will do
That is when I turn my eyes to you

[Chorus]

Cause you make me feel like I'm almost flying
You make me feel like I'm almost flying
You make me feel like I'm almost flying
