

Lady Stardust

by Tom Farley

Lady Stardust It's been so long since I sent you on your way

Lady Stardust Did you really think that you would win the race

A southern belle with ribbons flowing free

It's all such a pleasant memory

Summertime...and I know you'll soon be on your way again

Lady Stardust Did you think you heard the voice of someone calling you

Lonesome traveler Will you ever understand the things you do

A southern belle with ribbons flowing free

It's all such a pleasant memory

Summertime...and I know you'll soon be on your way again

Lady Stardust Did you think you heard the voice of someone calling you

Lonesome traveler Will you ever understand the things you do

A southern belle with ribbons flowing free

It's all such a pleasant memory

Summertime...and I know you'll soon be on your way again
