## **Promenade Blues**

by Tom Farley

Open D

By the seashore....under the stars

Passing time....playing bars

Steamy lovers two-by-two

On the boardwalk with the promenade blues

## **Chorus**

G F D

Seems life 'round here won't ever change....(X2)

Wheeler-Dealers passing snow
Whiskey women everywhere I go
Keep an eye out....catch the news
On Atlantic with the promenade blues

## **Chorus**

Streets are quiet....wind is slow Lonely people everywhere I go Late in the evening....shuffling shoes Say goodbye to the promenade blues....
